IKARI WARRIORS

General Alexander Bonn, C.I.F. US Forces in Central America – has been seized by a band of revolutionaries and held captive in his own headquarters. Before his final capture he relayed a mayday which you and your buddy picked up.
Your plane crashlands in the dense jungle some distance from the headquarters. After deciding whether to go it alone or attempt the rescue together you set off. You are deep in guerilla territory. On all sides gather trained marksmen and combateers, determined to stop you. It soon becomes apparent that you lack the supplies to win, but win through you must.
Ambush enemy tanks and use them yourself. Collect fuel and grenades left by the enemy as they retract. Show no mercy, for you are the Ikari Warrior.
